Sentence challenge

These sentences are 'sick' and need help to get better. Please help.

The children paddled through the water. It was hot.

Punctuation challenge

A colon is used to separate two independent clauses. The first independent clause describes something and the second gives extra detail.

For example:

The journey was tough: we had to paddle for hours.

It is better to go to school in the jungle: they don't have any traffic to worry about!

Write your own sentences that need a colon.

Picture it

Imagine what their school looks like when they finally get there.

Draw or describe it.
