We are going to be creating a set of instructions about how to get ready before an assessment. Think back to last week and our own tests. Make a list of the equipment you needed for a test, and what you needed to do to prepare e.g. go to the toilet, sit away from a partner, have a drink, write your name on the test. Using your notes, can you create a set of instructions for someone to use to get ready for a test.	Using your instructions from last lesson, can you edit your writing. Think about the four stations that we use for editing: spelling, word choice, punctuation and sentence types. Use the ticklist to support your editing.	

Please upload all work completed to Tapestry for feedback.
