

Year 1 Extra Maths Activities
Problem solving and reasoning questions

Draw lines from each double to its matching half.

4	6
12	10
16	2
8	8
20	3
14	4
6	7

How many times can we halve 24 biscuits before we have to break a biscuit in half to share it equally?

Harry says that he always gets a bigger half of pudding than his sister. Is he correct?
