

Home learning due Tuesday 30th November 2021

We will be taking part in the Christmas Tree Festival this year and would love to make as many decorations as we can for our own tree on display in the church. It would be lovely if you could decorate a star to put on our tree. On one side, you can decorate your star however you like, but try to keep it Christmas themed. On the back, write a wish for the future. For example, I wish that everyone will be treated fairly.

Please use the template below or you can be more creative but please keep to roughly this size. Feel free to use whatever additional materials you want as long as they stay on the star. Collect a card copy from your teacher to decorate your star. Have fun!
