

PROJECT

Over the next **4 weeks** you will be completing a humanities project. This is instead of your weekly set tasks but **Mathletics, Maths-Whizz and all reading tasks must still be completed weekly**. This is your chance to show us what you're made of! This is your project brief, so please read carefully!

Your project must:

- Be history or geography based. To get you started here are some ideas, **remember you can choose anything that is historical, geographical or a bit of both:**

Ash/ Mars	Oak/Jupiter	Rowan/Saturn
Travel and Transport The 7 continents The 5 oceans The first aeroplane flight Neill Armstrong	Victorians Queen Victoria Charles Darwin Victorian schools	Dragons, Myths and Magic China Shang Dynasty

- Have a title
- Be completed as independently as possible
- Be delivered in any way you wish. Get creative! You could create a leaflet, a brochure, a PowerPoint, a video, a documentary, a poster, an information text etc. (**Top tip:** work within your ability and strengths!)

Please talk to your class teacher if you need help with ideas and resources. Espresso is a good place to start your research. You should already have the school username and password.

Presentation is super important; it shows off how hard you've worked as well as showcasing your skills.

Your project will be due on Tuesday 15th December 2020

Reception parents: Please work within your child's abilities, we are not expecting lots and lots of writing from them at this point in the year. Think creatively, could you use videos, photos, collages, make models from lego, junk modelling and papier mache etc. Please speak to your child's teacher for further guidance if needed.
