

Year 3 maths vocabulary

Number and place value

ascending	10 or 100 more	hundreds
descending	10 or 100 less	

Addition and subtraction

column addition	exchange
column subtraction	estimate

Multiplication and division

exchange	integer scaling problems
mathematical statements	correspondence problems
missing number problems	derived facts

Fractions, decimals and percentages

tenths

Measurement (measure and length)

millimetre (mm)	perimeter
-----------------	-----------

Measurement (height, weight and capacity)

kilogram (kg)	quarter full	litre (l)	temperature
gram (g)	three quarters	millilitres (ml)	celsius

Measurement (time)

analogue clock	12-hour clock	midnight
roman numerals	24-hour clock	leap year
a.m./p.m.	noon	digital

Geometry (properties of shape)

right-angle triangle	octagon	properties
heptagon	polygon	prism
orientations	angles	acute angle
obtuse angle	turn	right angles
half turn	three quarters of a turn	great than....
less than.....	horizontal lines	vertical lines
perpendicular	parallel	

Geometry (position and direction)

clockwise	anti-clockwise	straight line
rotation	arrange	sequences

Statistics

table	bar graph
one-step problem	two-step problem
