

Year 4 maths vocabulary

Number and place value

negative numbers

1000 more

thousands

roman numerals

1000 less

round

Addition and subtraction

4-digit numbers

operations

methods

Multiplication and division

factor pairs

distributive law

formal written method

remainders

Fractions, decimals and percentages

decimal equivalence

convert

improper fractions

hundredths

proper fractions

decimal point

Measurement (measure and length)

kilometre (km)

rectilinear figure

area

Measurement (time)

convert

Geometry (properties of shape)

isosceles

equilateral

scalene

trapezium

rhombus

parallelogram

kite

geometric shapes

quadrilaterals

Geometry (position and direction)

co-ordinates

first quadrant

grid

translation

plot

polygon

axis

Statistics

time graph

discrete data

continuous data

line graph

comparison problem

sum problem

difference problem

calculate

interpret
