

# Year 6 maths vocabulary

## Number and place value

millions

ten millions

## Multiplication and division

multi-digit numbers

long division

## Ratio and proportion

relative size

percentages

missing values

scale factor

integer multiplication

unequal sharing and grouping

## Algebra

formulae

equation

linear number sequences

unknowns

algebraically

combinations

variables

## Measurement (measure and length)

conversion

miles

formulae

parallelograms

triangles

feet

**Measurement (height, weight and capacity)**

cubic metre

cubic kilometre

stones

cubic millimetre

gallons

ounces

**Geometry (properties of shape)**

radius

circumference

diameter

dimensions

**Geometry (position and direction)**

four quadrants

co-ordinate plane

**Statistics**

pie chart

mean
