

Other Subjects: Week Commencing 3rd January 2022

We are only in school for 3 days (1 day at Grafham Water). For remote learning, select from the activities below:

New Year Resolutions

Reflect on 2021. Think about both personal and school achievements and areas that you found more challenging.

Think about 2022. How can you make this year really successful for yourself? What targets could you set yourself to make this the best year ever?

Write down your resolutions and how you will aim to complete these.

RE - Epiphany

Go through the PowerPoint "All About Epiphany".

This is celebrated on the 6th January.

This is a Christian festival that celebrates the visit of the Wise Men to Jesus.

Complete the task cards after looking at the PowerPoint.

Topic / DT

For this task you will need a shoe box (if this is not possible you could use a large cereal box).

Collage your box with images that either represent your interests or images that show your personality. These images could be drawn or printed from the internet. Cut out your images and glue them to your box. If you don't have a printer, download your images that you would like to use and we can print at school.

Think about different items that you would have in your box if you were a child in one of the world wars.

These might include: toys, games, keep sakes, pencils, etc.

KWL Grid for Topic (WWI and WWII)

Use the PowerPoint questions and suggested online resources to help complete your KWL grid.

Think about:

What do you already know for either or both world wars? What would you like to know? (You may need to complete a little research to be able to complete this section).

At this stage, you will not be able to complete the last column. This will be completed in school at the end of the Spring Term.
