

# School Sound Survey

Describe the sounds you could hear in the place you visited in your school, and explain what was vibrating to make each sound.

| What sounds could you hear? | What was vibrating to make the sound? |
|-----------------------------|---------------------------------------|
|                             |                                       |
|                             |                                       |
|                             |                                       |
|                             |                                       |
|                             |                                       |
|                             |                                       |

What was the noisiest place that you visited around your school? \_\_\_\_\_
