Amazing Christmas Stocking Stories

The origin of the Christmas stocking is possibly from a story about St Nicholas. In the story, a poor man doesn't have enough money to get his three daughters married. St Nicholas finds out about the man's plight, and he throws three bags of gold through an open window. In some versions of the story, the bags fall into three stockings hanging above the fireplace.

- In the twelfth century, inspired by the story of St Nicholas, French nuns would leave stockings full of fruit and nuts at the houses of the poor. The toe would contain an apple and the heel a tangerine.
- Some say the stockings are hung over the fireplace to catch any gold thrown down the chimney by Father Christmas.
