

Year 1 Topic Week Commencing 6th May 2021

Science

L.O: To sequence the life cycle of a beanstalk.

In science we have been looking at Jack and the beanstalk and growing our own beans. Follow the presentation- don't forget to watch the videos of beanstalks growing! Now draw pictures of what is happening to the bean and write a sentence. You can use the word bank to help you.

Coding

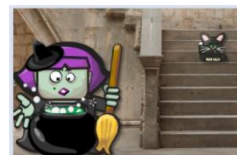

[Discovery Education - Discovery Education - Coding - Home](#)

Continue with our coding lessons on espresso.

(Remember to log in before clicking the link)

This week we are continuing with instructions and buttons on block coding, 'Find my cat!'.

Watch the lesson video first to help you.

LESSON

Find my cat!

Add more types of actions to your code so you can use buttons to help a witch track down her naughty cat, and even click a button to cast a disappearing spell.

Topic

LO: To research about modern day nurses.

Following on from our zoom with a nurse last week can you make a poster about everything you found out. And can you use the internet or books to research further.

(Remember you can use espresso!)

Music

LO: Creating simple music patterns.

Follow the lesson on Oak National Academy and see if you can make your own music pattern.
