

Safer Schools Newsletter/Key Stage 1

Week 3

Welcome to our third Safer Schools weekly newsletter. We continue to help you understand any COVID restriction changes, give advice on keeping safe while using your cyber devices and this week, an introduction to the Healthy Schools website for Parents and Carers to access various support and information.
Happy reading!

Keeping safe

It's good to share information with friends, but when we share online we need to think differently. The internet is a big open space that millions of people can access. By clicking on the link below you will find a video, which you may find funny, but provides an important message to keep you safe when you are thinking about sharing photo's or videos online. 'I Saw Your Willy' is from the NSPCC, Be Share Aware campaign.

COVID Corner!

This leaflet (see link below) was created in consultation with children and young adults to provide information about contact with the Police during the COVID-19 outbreak. It is packed with helpful information! Ask an adult to explain how this may affect you.

[Coronavirus and the police – a guide for under 18s](#)

Now for a bit of fun!

Encourage wildlife into your garden or outside space by making a birdfeeder out of a recycled plastic bottle [How to make a Bird Feeder from a Plastic Bottle](#)

What are these?

You may have seen them in a park or thrown like litter in the street. Click on the link to find out what they are:

<https://www.talktofrank.com/drug/nitrous-oxide>

If you see them please DO NOT TOUCH and tell an adult!

Healthy Schools website

The aim of the Healthy Schools service is to provide a central point of reference for schools, students and parents. The website now includes a section specifically for Parents/Carers. There are a variety of helpful tools, resources and contacts to offer support. To find out more please click on the link below:
