

Reception Maths Week Commencing 24th May 2021

Session 1	Session 2	Session 3	Session 4
LO: to share into equal groups.	LO: to share into equal groups.	LO: to share into equal groups.	Mental Maths sessions
<p>Input: Hand out some cubes/marshmallows/ counters between two children but don't give them the same amount. Ask the chn is this fair? How can we make it fair? (hopefully they tell you to count out 'one for you, one for you etc)</p> <p>Model counting out 6 cubes between two children fairly. (model between adults if you don't want the children to touch the cubes). Now give the children ten cubes each. Ask them to share the cubes into two piles equally.</p>	<p>Input: Ask them 'If I have 8 sweets how can I share them equally with my friend?' Ask them to show you using cubes. Take photos for Tapestry.</p> <p>Repeat with difference amounts. What happens when you have an odd number?</p>	<p>Input: Recap the language associated with sharing. eg equal, groups, shared equally, divided.</p> <p>Tell the children: I have 15 cookies and I want to share them equally between 3 friends. How many will each friend have? Ask them how we can work this out. Role play if necessary.</p> <p>Record for Tapestry.</p>	<p>Input: Practise writing numbers to 20. Can you draw your own number line?</p> <p>Can you use your number line to find one more and one less?</p>
