

Reception 'Other Subjects' Week Commencing 26th April 2021

Exploring and using media and materials

LO: To understand pulse.

This week we are going to learn about pulse.
Pulse, is the steady beat in music like a ticking clock or heartbeat.

Follow the lesson and see if you can count how many beats you can hear in the music.

[Understanding pulse \(thenational.academy\)](#)

Understanding the world

LO: To enquire and find out about local emergency services.

We are looking at heroes for our topic. This week we are looking at Doctors. Watch this video on a Doctor:

<https://youtu.be/INXGfiO9dTM>

Have you ever been to the Doctors? How did you feel?
Listen and role play along: [When I Grow Up – Doctor - CBeebies - BBC](#)

Now draw a picture of a doctor and write a caption on what a doctor does e.g. Doctors help us.

Understanding the world

LO: To understand the life cycle of a plant.

(Please log into Espresso before clicking the link)

[Discovery Education Espresso - Foundation Understanding the world](#)

Explore '**New Life**' and find out about the plant life cycle on **videos/books** then on the **activity** tab see if you can put the plant cycle in order.

Computing

LO: To begin to be able to use a computer independently.

(Please log into Espresso before clicking the link)

[Discovery Education Espresso - Foundation Understanding the world](#)

Explore '**Computer Driving licence**'. This week the children are developing their computing skills. Try one of the activities to work towards your 'Computer Driving Licence'.
