P		CT
	Must: Explain what is a number bond.	
	Should: Use number bond knowledge in mathematical problems.	
	Could: Identify number bonds over 10.	

1 Shade all the bonds to 5

4 + 1	2 + 3	5 + 1
2 + 2	5 + 0	2 + 4

2 Who has 6 pencils in total?

_____

I have 3 red pencils and 2 blue pencils.

Ron

I have 1 red pencil and 5 blue pencils.

Kim

3 Shade all the bonds to 7

2 + 4	5 + 2	4 + 3
0 + 7	3 + 3	3 + 4

4 Write five more bonds to 10

$1 + 9 = 10$

$\square + \square = 10$

$\square + \square = 10$

$\square + \square = 10$

$\square + \square = 10$

$\square + \square = 10$
