Teacher notes

The shapes will be cut out and children will create their own patterns based on shape and colour. Children can work individually or in partners and can use either the worksheet or concrete manipulatives to complete this activity.

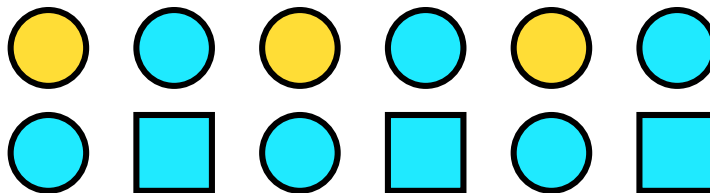

Developing

Children may only be able to create single shape or single colour patterns.

This can apply to both 2D and 3D shape patterns.

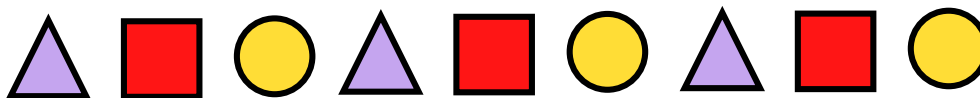

Examples:

Secure

Children will be able to create a combination of shapes and colours with up to 3 shapes / colours. This can apply to both 2D and 3D shape patterns.

Mastery

Children will be able to create a combination of complex patterns using any number of shapes and colours.

This can apply to both 2D and 3D shape patterns.
