

Ash/Mars Year 1 Maths Learning Grid Week Commencing 27th September 2021

Lesson 1 L.O. : To group objects together one to one. Follow the presentation. Task: Using objects around the house (e.g. lego pieces) to place under each child. Then draw the objects- make sure there is enough. How many pieces do you need?	Lesson 2 L.O. : To use 'greater than', 'less than' and 'equal to' when comparing groups of objects. Follow the presentation. Task: Choose the worksheet your child feels the most comfortable completing. Count each set and write the number underneath is Set A greater than/less than or equal to Set B. Write your answer in the blue box.	Lesson 3 L.O. : Can begin to use '<,>' symbols when comparing groups. Follow the presentation. Watch this video https://www.youtube.com/watch?v=M6Efzu2slaI Task: Pick a card and using objects around the house (e.g. lego pieces) represent the comparison on the sheet.
Lesson 4 L.O. : Can begin to use '<,>' symbols when comparing numbers. Follow the presentation. Task: Select the worksheet your child feels the most comfortable completing.	Mathletics Please complete the assigned tasks on mathletics. These will be set every Monday to Sunday. 	Extra activity: Using https://www.topmarks.co.uk/learning-to-count/paint-the-squares Select a number and ask your child to find a number that is smaller or greater than the one you picked.
