

Year 1 Optional Extra Home Learning for 20th April – 1st May 2020

Topic Play this online game to see if you can remember all the continents. https://world-geography-games.com/continents/ <i>Remember Australia is sometimes referred to as Australasia or Oceania.</i>	RE Make a poster or booklet to share what you have found out about why Easter is important to Christians! 	Computing Discuss with your family what the devices you found out and why they are important in your home. Can you invent a piece of technology? What would it do and why do you need it? You could try drawing and labelling it! 
PSHE Can you plan a healthy meal or snack together? You could even try cooking / making it to share!  http://www.go4yourlife.vic.gov.au/hav/articles.nsf/html/index.html	Music Use your instrument to perform to your family. Can you make different sounds or patterns of sound with your instrument? You could video your performance! Useful links: https://www.activityvillage.co.uk/musical-instruments 	PE Make up your own 15 minute PE lesson and deliver it to your family! Make sure they follow your instructions – maybe even video your workout! 
Art Go into your garden and talk about the different colours you can see in nature. Using pencils, paint, crayons (or whatever you have at home!) see if you can match the colours in nature to the colours you have.	DT Evaluate your mode of transport. What went well? What did you find tricky? Would you change anything next time? Write a mini evaluation and display it with your model! 	Science Can you research herbivores, carnivores and omnivores even further? Try using books and the internet to help you. Can you make a simple poster to share your learning?
Bonus activity: Use what you learnt in the maths PowerPoint to explore weight and volume at home. Try using some scales to weigh different things.	Phonics Can you write the words for the following pictures and put the sound buttons on? Think about which ai, ay or a_e you will need to use! Can you think of any more words?
