

Optional Extra - Year 3 Home Learning for Week Commencing 29th June – 10th July 2020

<u>Topic</u>  Create your own true or false quiz about Ancient Egypt. Ask someone in your family to complete your quiz to test their knowledge!	<u>RE</u>  After you've discussed what love is, why don't you have a go at drawing what love looks like to you? You could give this drawing to someone as a symbol of your love.	<u>Computing</u>  Create a word document or Power Point on your computer or tablet about a subject of your choice. It could be a recount of your home learning experiences over the last few months or your own fictional story. It would be great if you could save these and print for us to read at school!
<u>PSHE</u>  You could write a story from the sun's point of view. For example: <i>One summers morning, I slowly started to rise in the beautiful clear sky, it was the beginning of July and I was excited ...</i>	<u>Music</u>  Have a go at the music maker on Espresso following this link. See what sounds and music you can make and play around with the tempo too!	<u>PE</u>  Set yourself a challenge to get up, moving and walking each day this week. You might be able to count your steps, track your distance or simply just aim for a certain amount of minutes each day. Why not make it even more interesting and try to improve each day?!
<u>Art</u>  Challenge yourself to either improve your sketch or to draw a new Egyptian ruin of your choice! Try to include different tones to show the different textures.	<u>DT</u>  Can you write about your canopic jar and describe what you have put in it or plan to put in it and why. It would be wonderful to have a photo of these uploaded to school if possible!	<u>Science</u>  Explore the BBC Bitesize website which has lots of information all about the biology of plants. Have a little play, watch the videos and complete the activities to test your knowledge or to learn something new that you didn't already know!
★ <u>Bonus Activity</u> ★ Look at the weekly highlights on https://central.espresso.co.uk/espresso/primary_uk/home/index.html to see what is happening in the world around us. Talk to a family member about this and share any questions you may have.
