

Do I need to complete all of the activities?

Parents can choose the activities they think will work best for their child or children, or they can allow pupils to choose which activities they complete and when.

Should I mark my child's work?

You don't need to give formal marking, but it is always helpful to chat and give feedback! You could ask them:

"What went well?"

"How could you make it even better?"

"What would you do differently next time?"

What if my child has already done this Espresso activity?

Some children may have logged in to try different activities already! If this happens, they can browse Espresso and find a different activity to try instead.

Where can I find online resources about my child's Science topic?

<https://www.theschoolrun.com/what-is-sound>

<https://www.bbc.co.uk/bitesize/topics/zgffr82>

What if I don't have a laptop or device available for my child?

RE: If children cannot access the video, you could have a family discussion about faith and celebration! Ask if your child can identify places of worship or special books for different religions.

Music: if you are not able to access the clips using this link, try listening to CDs if you have them at home, or Classic FM radio if possible! If classical music is not possible, you can listen to any music you have at home, or sing and draw together.

Science: If you cannot access the video clip, chat to your child about what he or she thinks is happening when sound is made! See if they can mind map everything they can recall from their learning at school (some Year 4 children will have studied this topic during previous years).
